Our Goals and Vision

We provide an opportunity to help the preschooler explore their world, to let them experiment informally with many kinds of material, arts, crafts, and equipment.

We strive to maintain a balanced approach with a program that combines mental, social, physical, and emotional learning.

We provide the opportunity for preschoolers to develop healthy relationships with peers and to grow in confidence outside of their home.

We include Christian concepts and Bible stories taught with a non-denominational viewpoint.

Parents have the opportunity to learn about their children as they participate in or observe classes (field trips) and receive helpful feedback from our teachers.

Our classes are taught by two well-qualified, caring teachers with many years of experience. As a team, our teachers have worked together for over 10 years to provide an organized and creative program.

PRESBYTERIAN PRESCHOOL

We provide a safe, loving and caring environment for your child to grow and learn in.

Our teachers believe early education builds a foundation for lifelong learning, and their role as teachers is to encourage a strong beginning.
